

MAMA RABBIT

PARK MGM

The experience of walking through Mama Rabbit can be tailored by each guest whether it be a counter-top cervezas in the taverna or a speciality cocktail in the romantic and moody lounge. Layered with Mexican inspired heritage details and textures guests can sip on one of a kind tequila. Nods to the legends and folklore of the agave plant and tequila culture are hidden and only discovered by guests to know what to look for. The idea of blending the vibrant, colorful, party-nature of a Mexican taverna and tequila watering hole with the speakeasy style and design of an intimate, sexy and secret NYC hotspot will define the allure of this new concept. Max Capacity: 400
